(88) Date of publication of the international search report:
27 November 2003For two-letter codes and other abbreviations, refer to the "Guid-
ance Notes on Codes and Abbreviations" appearing at the begin-
ning of each regular issue of the PCT Gazette.

(54) Title: LIQUID CRYSTAL DISPLAY AND THIN FILM TRANSISTOR ARRAY PANEL THEREFOR

(57) Abstract: A thin film transistor array panel is provided, which in-
cludes: an insulating substrate (110); a plurality of control lines (121)
provided on the substrate and including first and second control lines; a
plurality of data lines (171) provided on the substrate and including first
and second data lines; a pixel electrode (190) provided on the substrate
and having a cutout (191); a field control electrode (178) provided on
the substrate and overlapping the cutout; a first switching element for
applying a first signal from the first data line to the pixel electrode in
response to a first control signal from the first control line; and a second
switching element (2) for controlling a second signal to be applied to the
field control electrode (178).
